

Non-wood fibres in the European pulp and paper industry workshop

19 November 2024

Pulp and Paper Institute (ICP), Ljubljana

AGENDA

- | | |
|--------------|---|
| 8.30 | Welcome coffee |
| 9.00 | Welcome speech
David Ravnjak, Director at ICP |
| 9.10 | Introduction by Cepi
Ulrich Leberle, Raw Materials Director at Cepi |
| 9.20 | Non-wood fibre database + ICP work on non-wood fibres
Mija Sežun, Postdoctoral Researcher at ICP
Andrej Šinkovec, Office manager at PVG |
| 9.50 | Non-wood fibre and pulp production in Europe

OnceMore – the process to recycle blended textile fabrics into high quality cellulose fibres
Asa Degerman, Senior Business Development Manager at Södra
Pulp production from wheat straw
Igor Žeželić, Sales Manager at Rettenmaier
Miscanthus as source for paper pulp
Marcel van de Peppel, Chief Technology Officer at Miscancell |
| 11.10 | Perspectives on sustainable fibres in the tissue sector
Carlos Reinoso, Director General at European Tissue Symposium |
| 11.25 | Introduction to ICP activities and facilities
David Ravnjak, Director at ICP |
| 11.30 | Tour of the laboratories and pilot paper machine
<i>In groups</i> |
| 12.30 | Lunch |

14.00 Paper and packaging from non-wood fibres

Tissue paper from straw pulp

Martin Wiens, Essity Operations Mannheim at Essity

The grass fibre and grass paper packaging technology

Michael Schatzschneider, CFO at Creaper

Specialty paper from bagasse, cotton, bamboo and recycled textiles

Gaël Depres, Senior Innovation & Grenoble R&D Center Manager at Fedrigoni

Local side streams valorised in paper production

Achille Monegato, Research Director at Favini

Alternative fibres for containerboard

Thomas Ferge, Group Paper and Board Development Director at DS Smith

15.10 Latest results and insights from research institutes

Adding value to agricultural cellulosic side streams

Annabelle Cox, CEO at Tensei

Pulp fibre production from wheat straw

Dr. Friedrich Steffen, Research Associate at University of Hamburg

15.30 Summary and closure of the workshop

Annita Westenbroek, Innovations Manager at Cepi
